

# Angel of Agony

Deicide

Pain and distrust  
and a lust for uncertainty,

Inflict the hearts of the weak  
with your entity,

Disrupt their lives and take flight.

Garbage of god,  
and disposed to humanity,

Rampaging hurt you  
impose your insanity,

Welter in hate of the  
one who reviled you,

Stripped of the rights that you  
thought you would never lose,

Driven insane immolate in the agony

Burden the world with your lies of integrity,

Hell will befall your angelic mistrust,

Thrown from the heaven's  
disgraced in disgust.

Angel of agony, demonic blasphemy,  
Angel of agony, drown in your vanity,  
Angel of agony, victimize empathy,

Angel of agony, fall to your death...

Ghost of aggression  
intermix in your self defeat,

Savage desire unrequit  
to the laes of thee,

Imprison you till you are dead,

Damage undone  
washed away for eternity,

Restore the life that you  
thought you could take from me,

Anger invoked to the point  
of destroying you,

Angel of pain revelate  
in a pending doom,

Dead in the heart  
self destruct in the eyes of he,

Dwelling rejection for  
the pain you refuse to see,

Ingest defeat devastate  
in the final thrall,

Suffer a fate that the  
lord has reserved for all,

Refuse the word underfed  
by the wisest one,

Shower yourself in a blame  
that will not succumb,

Alone you will go to your death...  
Angel of agony, demonic blasphemy,  
Angel of agony, drown in your vanity,

Angel of agony, victimize empathy,  
Angel of agony, fall to your death...
