

Oblivious to Nothing

Deicide

Join us
Evil night of an evil death
Epitome of illusion
Sacrifice of the unborn child
Enter the kingdom of darkness
Sodomized for the ritual
For there is nowhere to run
Open the gates to the manifestation
And grant me the powers of darkness

Infenal majesty, take this dead offering
Feeding the demon seed, evil bestowed on me
Exorise the powers of death
Invert my cross of time
The retain of Satan anarchy
Inside my scared sign
Lucifer bring me the legions of deaths
Abbadon kill until nothing is left
Oblivious to evil
Death of defled the rituals
Of dreams and disillusion
Unlock the box and gimp in pain
Summon the demons
