

# It's Raining

Deitrick Haddon

(Oh) it's raining  
Tossing and turning sleepless nights, I know I got to get it right.  
Searching for something I know I need substance but I ain't got no appetite.  
Umm, It's so cloudy can't get clear, man I need to change my atmosphere  
I guess it's time for me to face my fears, Lord tell me where do I go from here

Tears flowing down my face  
Still won't wash the pain  
I just want to get away  
Can somebody stop the rain?  
You said if I called Your name  
You would come save the day  
I'm just trying to find my way  
Can somebody stop the rain?

(Oh) It's raining  
(Oh) raining  
Got a whole lot of questions, no conclusions You making me search You out.  
And I'm going through the motions?, In my focus see what you are all about  
And on this journey through my soul, things about you I have come to know  
I relinquish all control Lord I'm soaking wet and I'm way too cold

When it rains it pours  
Don't wanna hurt any more  
Will you comfort me  
From my enemies  
And it's cold outside  
I can no longer hide  
Will you rescue me  
Come and set me free
