

Crazy 'bout You

Delbert McClinton

Listen, let me tell you 'bout the way I feel
I fooled around and finally fell in love for real
Now I'm crazy 'bout you baby
Crazy 'bout you baby
Crazy 'bout you baby
And girl you know it's true

I can't seem to get you off my mind
I sit and think about you all the time
I'm just crazy 'bout you baby
Crazy 'bout you baby
Crazy 'bout you baby
And girl you know it's true

Now we can sit out on the porch and talk
Maybe walk around the block
Maybe we can go to a picture show
And I can steal a little kiss in the dark

I'm gonna love you long and hard as I can
I intend to live to be a real old man
Crazy 'bout you baby
I'm just crazy 'bout you baby
I'm crazy 'bout you baby
Girl you know it's true

Now we can sit out on the porch and talk
Maybe walk around the block
Maybe we can go to a picture show
And I can steal a little kiss in the dark

I'm gonna love you long and hard as I can
I intend to live to be a real old man
Crazy 'bout you baby
Crazy 'bout you baby
Crazy 'bout you baby
And girl you know it's true

I said baby I'm ready
She said babe I'm ready too
Come on honey let me give my love to you
I'm crazy 'bout you baby
Crazy 'bout you baby
Crazy 'bout you baby
And girl you know it's true
