

# One More Last Chance

Delbert McClinton

Give me one more last chance, to prove that I love you  
Give me one more last chance, I swear that I love you  
If love kept you with me before  
For love's sake, forgive me once more, oh  
We'll regret love, if we ever let love slip through our  
hands

Give me one more last chance, I know I've abused you  
Give me one more last chance, I can't bear to lose you  
You heard the same words the last time, I know  
But before you make your mind up to go  
Now and forever, I'll promise I'll never hurt you again

If love kept you with me before,  
For love's sake, forgive me once more  
We'll regret love if we ever let love slip through our  
hands

Give me one more last chance  
Give me one more last chance, baby  
Oh, give me one more last chance  
Baby, baby, baby  
Please, please, give me one more last chance  
Just one more chance, baby  
Please, please, please, please  
Give me one more last chance
