

# Not Me, Not I

Delta Goodrem

You mixed me up for someone  
Who'd fall apart without you  
Yeah you broke my heart for the first time  
But I'll get over that too  
It's hard to find the reasons  
Who can see the rhyme?  
I guess that we where seasons out of time  
I guess you didn't know me

If you think love is blind  
That I wouldn't see the flaws between the lines  
Surprised that I caught you out  
On every single time that you lied  
Did you think that every time I see you I would cry  
No not me, not I, not I, no not me, not I

The story goes on without you  
And there's got to be another ending  
But yeah you broke my heart it won't be the last time  
But I'll get over them too  
As a new door opens we close the ones behind  
And if you search your soul I know you'll find  
You never really knew me

If you think love is blind  
That I wouldn't see the flaws between the lines  
Surprised that I caught you out  
On every single time that you lied  
Did you think that every time I see you I would cry  
No not me, not I, not I, not I, not I

All you said to me  
All you promised me  
All the mystery never did believe  
No I never cry no I never not me not I

If you think love is blind  
That I wouldn't see the floors between the lines  
Surprised that I caught you out  
On every single time that you lied  
Did you think that every time I see you I would cry No not I, I  
won't cry  
No not me, not I, not I
