

If you go out tonight
be aware the people there,
especially with the man
with the records in his hand.

He used to hide behind
the hateful smoke of his cigar.
He persuades you to go to his home
if he thinks you are a star.

Could you please not phone me again,
I've got my own plans for today.

He's just a "freak" that I met yesterday,
he's just a "freak" that I met yesterday.
He's just a "freak" that I met yesterday,
he's just a "freak" that I met yesterday.

Ignore him when he says,
he's got everything you need.
He gives you to receive
things you don't want to give.

Could you please not phone me again,
I've got my own plans for today.

He's just a "freak" that I met yesterday,
he's just a "freak" that I met yesterday.
He's just a "freak" that I met yesterday,
he's just a "freak" that I met yesterday.

Could you please not phone me again,
I've got my own plans for today.

He's just a "freak" that I met yesterday,
he's just a "freak" that I met yesterday.
He's just a "freak" that I met yesterday,
he's just a "freak" that I met yesterday.
He's just a "freak" that I met yesterday,
he's just a "freak" that I met yesterday.
He's just a "freak" that I met yesterday,
he's just a "freak" that I met yesterday.
