

Hit the road lonely, get there faster
Drag your team along go beyond thereafter
Egos are disposable, heroes unapproachable
What a load of bull truth is non-negotiable
Cover up my goofy type demeanor with the smokables
Get the John dudes to approve and relate
But it just ain't me, I'm Leo Messi
On the M-I-C

Funk therapy, Imma sink Imma swim
Imma gallop Imma dance Imma breathe
Like I'm s'posed ta
Hang around like a poster

Biting our tails and gagging
Endless lust wheel we spinning
Biting our tails and gagging
Endless lust wheel we spinning

Laying alone laying alone
Laying alone at night
I wonder why I wonder why
I wonder why we try
Laying alone laying alone
Laying alone at night
I wonder why I wonder why
I wonder why we try

The lyrical fabric of a master MC
Fashion a lifestyle from passion and intrigue
Been in the genes since rip, Givenchy
Heart on the sleeve they seem deep 'til they get pressed clean
Believed in this since a kid, give anything
That was the dream like King's Speech until they dead me
Yes me Stogie. The big homie is still smoking
At my showing I get 'em amped like a team of roadies
Big city life but you still feel lonely
Live filthier the chics thick or boney
Got prettier, more hits you wrote
Got busier the old things you know
Unfamiliar, you don't fit the mold
Non-linear you fall then you rose
No giving up, cuz where a nigga from
Life trickier, thick skin I am tough
No Nivea, roll with the punch
On some Floyd shit
Can't sell me horse shit giddy up

Biting our tails and gagging
Endless lust wheel we spinning
Biting our tails and gagging
Endless lust wheel we spinning

Laying alone laying alone
Laying alone at night
I wonder why I wonder why
I wonder why we try

Laying alone laying alone
Laying alone at night
I wonder why I wonder why
I wonder why we try
