Things done change  
Have you oh ya di same  
Gyal you be stressing me  
You get the best of me  
I'm going through a phase  
I'm angry I'm in a rage  
Or maybe it's just all in my brain  
Cause every time I try to walk out your life I keep fallin again  
Down comes the rain

This is for the fallen, for the fallen  
Damn near gave you everything I put my all in, I put my all in  
5am yuh nuh see I been calling, gyal I been calling  
But I got no more tears to cry  
One of the real few reasons why, no lie  
It's so hard to say goodbye  
So hard to say goodbye  
It don't matter how I try  
I got no more tears to cry  
One of the real few reasons why, No lie

Just get a text seh you in the party  
Heard you have a man a grind pon yuh body  
Seh you out with yuh friend and mi nuh fi worry  
Yuh rocking knowledge on yuh body gyal yuh getting rowdy

Why you gotta bruise my ego?  
Diss me in front of my people  
Certain type of tings I don't need though  
Every nigga throwing their free throw  
Fuck outta my life gyal please go

This is for the fallen, for the fallen  
Damn near gave you everything I put my all in, I put my all in  
5am yuh nuh see I been calling, gyal I been calling  
But I got no more tears to cry  
One of the real few reasons why, no lie  
It's so hard to say goodbye  
So hard to say goodbye  
It don't matter how I try  
I got no more tears to cry  
One of the real few reasons why, no lie  
It's so hard to say goodbye  
So hard to say goodbye  
It don't matter how I try  
I got no more tears to cry
