

Fill Your Head With Rock

Demon

Hey fill your head with rock, the metal heart it never stops
United we stand together

In the fields outside of Solvesbourg, every summer time they came

More than 30,000 metal fans standing in the sun and rain
They've come to see their heroes and listen to the sounds
And everywhere you'll look and see there's magic all around

Pre-Chorus

It's all for one and one for all, that's call
The leather stands but never falls
A world of classic rock what a place to be
It's our shrine

Chorus

Hey fill your head with rock, the metal heart it never stops
United we stand together
Hey fill your head with rock, the metal heart it never stops
United we stand together

Well we started out at first light though the mist and wild terrain

We were travellers on our journey

Pilgrims all in name

A peaceful army drawn together in denim and war paint
Heading for that promised land to the sacred place

Pre-Chorus

Chorus

And as the night falls and the sun is going down

And the whole world comes alive

It blows your mind

And in the evening so much love and peace around

Fill your head with rock, fill your head with rock

Fill your head with rock, fill your head with rock

Fill your head with rock, fill your head with rock

Fill your head with rock, fill your head with rock

Pre-Chorus

Chorus
