

# I Want You Now

Depeche Mode

1. I want you now  
Hm  
F#  
Tomorrow won't do  
There's a yearning inside  
Hm F#  
And it's showing through  
Asm  
Reach out your hand  
E  
And accept my love  
Asm  
We've waited for too long  
E  
Enough is enough  
Hm  
I want you now

F# Hm F#

2. My heart is aching  
My body is burning  
My hands are shaking  
My head is turning  
You understand  
It's so easy to choose  
We've got time to kill  
We've got nothing to lose  
I want you now

F# Hm F#

Hm  
R: And I don't mean to sound  
F# Em  
Like one of the boys  
Hm F#m  
That's not what I'm trying to do  
Hm  
I don't want to be  
F# Em  
Like one of the boys  
Hm F#  
I just want you now

3. Because I've got a love  
A love that won't wait  
A love that is growing  
And it's getting late  
Do you know what it means  
To be left this way  
When everyone's gone  
And the feelings they stay  
I want you now
