

# Strangelove

Depeche Mode

**Emi**

There be times when my crimes

**C**

**D**

will seem almost unforgiveble

**Emi**

I give in to sin

**C**

**D**

becourse you have to make this life liveble

**Emi**

But when you think I've had enough from your sea of love

**C**

**D**

I'll take more than another riverfull

**Emi**

**D**

**Emi**

Yes and I'll make it all worthwhile

**C**

**D**

I'll make your heart smile

**Emi**

**Ami**

**C**

R: Strangelove strange highs and strange lows

**Emi**

**Ami**

**C**

Strangelove that's how my love goes

**Emi**

Strangelove

**Ami**

**D**

will you give it to me

**Emi**

will you take the pain

**Ami**

**D**

I will give to you

**G**

again and again

**C D**

**Emi**

and will you return it

There'll be days

When I'll stray

I may appear to be

Constantly out of reach

I give in

to sin

Because I like to practice what I preach

I'm not trying to say

I'll have it all my way

I'm always willing to learn

When you've got something to teach

And I'll make it all worth-while

I'll make your heart smile

Pain will you return it

I'll say it again -- pain

Pain will you return it

I won't say it again

**Emi**

Strangelove

**Ami**

**D**

Strange highs and strange lows

**Emi**

Strangelove

**Ami**                    **D**

That's how my love goes

**Emi**

Strangelove

**Ami**                    **D**

Will you give it to me
