

Then She Kissed Me

Derailers

Well she walked up to me and she asked me if I wanted to dance
She looked kinda nice 'n so I said I might take a chance
When we danced she held me tight
When I walked her home that night
All the stars were shining bright and then she kissed me

Each time I saw her I wished I could see her again
I wanted to let her know that she was more than a friend
I didn't know just what to do, so I whispered, "I love you"
She said that she loved me too and then she kissed me

She kissed me in a way that I've never been kissed before
It's the way that I want to be kissed for ever more

She kissed me in a way that I've never been kissed before
It's the way that I want to be kissed for ever more

I knew that she was mine so I gave her all the love that I had
One day she took me home to meet her mom and her dad
Then I asked her to be my bride, to always be right by my side
She felt so happy she almost cried and then she kissed me

And then she kissed me
And then she kissed me
