Crystal Lake

Derdian

Our march advances for death and cruelty Black mountains placed herself against our tiring walk The land under our feet begins to tremble now (Is it)the fury of the gods or what?

And we continue our journey to the viking land We cross the mountain and we're blinded by a strong glare The valley shows the ring of green and woody mountains The Crystal lake before our eyes

UNDER THE SURFACE OF SHINING COLD ICE FALLEN WARLORDS UNDER OUR GLANCE FEAR IN THEIR EYES MY FRIENDS, ARE YOU READY FOR THIS BLOODSHED? I DON'T KNOW IF WE'LL PREVAIL AGAINST THE RAGE OF THE OPPOSITE GODS

Suddenly loud screams ring in the open air We form a circle in the centre of the lake "This rumble comes from the woods" says Troghlor "The ice is breakin'!"

And from the mountains a horde of warriors comes Sadist grin on our face, they're not gods but just men! Huge clash between us, our army will prevail Their heads are falling down!
