Derdian

Blood and fire rage forever  
It's Essential for true battle  
Furious war. Our swords of steel prevails  
Evil oh oh Master of these tales

Warriors are meeting up and  
They are talking 'bout the war  
Cruelty and atrocity reward  
Our Lord announces that  
Federland is in revolt  
Bloody sneer appear upon our faces

We will rush ourselves into the war  
Neverending fight:our reward  
You're rebellion we'll annihilate  
Your behaviour soon will meet its fate

RUN AND KILL THEIR LORD  
WE WILL CRASH THEIR BONES  
MIGHTY WARRIORS HOLD THEIR HEADS UP HIGH  
ISLAND'S KING LIES THERE  
HE'S DEAD AND YOUR FEAR  
WILL BE OUR VICTORY!

Wake up my disciples  
We must go to Federland  
Tell me that you're ready for the war!  
Want you see evil and pain  
Vassal, bring here swords and chains!  
They will pay for their offence tonight

Master's words will bring us satisfaction  
Castle's walls will tremble for our screams  
Black profiles brandish pointed spears  
Red and Yellow eyes grin in the dark

Now let's take our ships, guys!  
Let's go to destroy Federland  
Retaliation comes from the sky  
Let's bridle our horses  
Wanna see hate in your eyes  
Lower the draw bridge 'cause we must go

HEROES!!
