

## Intro

Derek Minor

You wonderin', how big a empire is he gon' make?  
Just got off a major tour, bet everybody knows his name  
Yeah that boy eatin' better, stackin' chips, that's Frito-Lay  
You not with Reach no more, so 116 is he okay?  
That's the question that they ask me  
I shake they hand and smile and say, "Everything is dandy"  
But deep inside sometimes I wish them conversations passed me  
And debates about who better, you, Lecrae, or Andy?  
Signed this deal, I bet that we can change your life today  
I'm no little mermaid, I won't let you take my voice away  
Derek Minor, I'm a Tesla, you can't gas me man  
They promise you the world but don't deliver like it's Sunday

All that I know, all that I know  
Not gainin' the world or losin' my soul, losin' my soul  
When I wanna give up, He tellin' me go, tellin' me go  
Buildin' His Kingdom will never get old, never get old
