

# Save Me

Derek Minor

I ain't got no metaphors, no similes  
To explain to y'all what I've been through  
Just real talk, just real me  
You can see the scars I've lived through  
I heard it through the grape vine  
They say I'm done like cooked food  
But that body's still in the oven  
No clue what the chef is up to, yeah

All I know is they said that my pops O.D.'d  
He ain't had no insurance  
So that burden of buryin' fallen on me  
God I need some endurance  
I feel like You up in the sky and You torturin' me  
Even though that that's foolish  
You see all the pain that I feel like You pour it on me  
I just hope I don't lose it  
Cause I'm tired of buryin' my relatives  
Tired of feelin' I'm failin' at everything  
Cause sometimes it feel like You take away everything  
It feel like You've gotta be mad at me  
Are You mad at me? Do You hate me?  
Are these tribulations just to break me?  
Man, this can't be the reason You made me  
I'm goin' crazy, won't You save me?

I'm feelin' like all I got is just ashes  
You've been burnin' my whole palace to the ground  
To the ground  
And I don't know what You're doin'  
But I'll be right here until You save me  
Save me, hey won't You save me?  
I need You now, I need You now  
To just save me, save me  
Hey won't You save me?  
You can take it all, You can take it all  
But just save me

It's like everything around me is crumbling  
I feel like I'm losing my mind  
Where are You God? Where are You?

The devil is whisperin' up in my head  
End it all, end it all, yeah end it all  
He's sayin' the Lord He don't want me to win  
Not at all, not at all, not at all

See in one whole year  
Lost my sister, lost my aunt, lost my dad  
Wife got in a wreck, fractured her spine  
Feel like evil is circlin' all that I have  
Some people mishandle my business  
It won't happen again  
That money entrusted was took from me  
Blew my support and lost one of my friends  
I could care less about all of this music  
These numbers, opinions, and all of this fame

Just wanna be who God called me to be  
And take care of all in the same  
I bend on my knees with these tears in my eyes  
And my hands to the sky, I'm prayin' for change  
Put me in fire, take all that I have  
To the end of my days I'm not cursin' Your name  
You're all that I have and You gave up Your Son  
That is enough  
It's all in Your hands and this weight is too much  
I have faith in Your love  
So as long as I'm alive, long as I'm alive  
I'll trust You forever, forever  
My faith will never die, faith will never die  
For worse or for better  
I know You can save me

Save me, save me  
Hey won't You save me? Save me  
Save me, save me  
Hey won't You save me? Save me
