Descendents

Mug mug mug Coffee mug Gonna clear away the haze Liquid proof That I can win this race Coffee mug The grip that keeps me tall My inter-link Keeps me questing all

I don't need no booze or drugs I just chug-a-lug-o my coffee mug And I don't need your kiss and hug I just chug-a-lug-o my coffee mug

They haven't banned My liquid drug of choice There's too many hooked And they've got too much voice So for the moment We're all pretty good to go With 98 cups With 98 more to go

I don't need no booze or drugs I just chug-a-lug-o my coffee mug And I don't need your kiss and hug I just chug-a-lug-o my coffee mug

Here a bean, there a bean Everywhere a mean mean bean
