

Hello again

Destination Anywhere

Sorry can I wait along side
We don't care, We don't care
A little space just I will be quiet
Everyday, Everywhere
Don't wanna bother or disturb you
We are fair, we are fair
Don't ever wanted to abstract you
We don't care, We don't care

The days that we were dumb are gone
The days that we were quiet were wrong
Its time to say hello again
So let us sing for you

Everybody pulls you
Everybody wants to
Struggle you, order too
Everybody fools you
Everybody kicks you
You don't know how to get through
Everybody pulls you
Everybody wants to
Struggle you, order too
Everybody fools you
Everybody kicks you
All alone but you know who you are

Some might say a band can't help you
We don't care, We don't care
Unimpressed by things that we do
Everyday, Everywhere
We won't ever contradict then
We are fair, we are fair
We won't force opinion on them
We don't care, We don't care

The days that we were dumb are gone
The days that we were quiet were wrong
Its time to say hello again
So let us sing for you

Everybody pulls you
Everybody wants to
Struggle you, order too
Everybody fools you
Everybody kicks you
You don't know how to get through
Everybody pulls you
Everybody wants to
Struggle you, order too
Everybody fools you
Everybody kicks you
All alone but you know who you are

And now you're here
And you can see
The other ones

Who disagree
And all alone
Against the wall
No support
Not at all
But we will rise
We can fight
We can stand
Side by side
And not alone
On the way
You're not wrong
It's just what they say

Some might say a band can't help you
We don't care, We don't care
Unimpressed by things that we do
Everyday, Everywhere
We won't ever contradict then
We are fair, we are fair
We won't force opinion on them
We don't care, We don't care

The days that we were dumb are gone
The days that we were quiet were wrong
It's time to say hello again
So let us sing for you

Everybody pulls you
Everybody wants to
Struggle you, order too
Everybody fools you
Everybody kicks you
You don't know how to get through
Everybody pulls you
Everybody wants to
Struggle you, order too
Everybody fools you
Everybody kicks you
All alone but you know who you are
