

# The Alliance of Hellhoundz

## Destruction

Welcome to hell - wheels of steel praise  
Metal on metal - the battle cry of those days  
Son of a bitch - kill as one - restless and wild  
Running free - a wrathchild  
We're together as one  
We're second to none  
We're together as one  
Bonded madness on the run  
We break the spellbound  
The alliance of hellhoundz  
We cultivate our sound  
The alliance of hellhoundz  
Never surrender the spirit never dies  
The alliance of hellhoundz will rise  
Prayers of steel made us to believe in sin after sin  
Denim and leather became our second skin  
True as steel we fight with earthshaker rock  
Filth hounds of hades trying to leave fuckin' scars  
Hypocrisy and pain will lead to the abyss  
We're stapping the drama in hell with the kiss of death  
Tales of the creations slaves to the masters of doom  
(the) hellraisers shout it out:  
Praise Metal to the Skies  
Standardisation shapes the slaves of society  
Human progress is built on our variety
