

The Answer Is in Your Past

Dethklok

Offdensen's gone and we're on our own.

Nice way to starts our journey with no protections.

Gotta find where Toki's at.

I'm telling you all the answer's in your past.

Does this sound to you like it's a clue?

Magnus talking about the depths of humanity.

Does this sound to you like it's a clue?

Magnus talking about the depths of humanity.

Oh no we don't know whoa oh.

Oh no we don't know whoa oh.

Wait a minute.

Magnus said they'd be waiting in the depths of humanity.

Now this may be a moment of total insanity

But you say the answer is in our past

and the time I heard those words last

was Toki's first gig a crappy warm up venue

a death metal bar with a garbage can menu

I believe, and pardon my profanity

That a clue is inside a bar called the-

DEPTHS OF HUMANITY.

The depths of humanity.
