

# Won't You Come Over

Devendra Banhart

I used to live alone  
But I found you so certain  
I'm yours to take  
Now I can't wait  
For all the mistakes  
We've yet to make

Now shake it up baby  
Twist and shout  
We're a war torn building  
All bombed out  
Love not unlike an old drunk  
Pissing the night away  
Love not unlike

Won't you come over and love me  
Won't you come over again  
Can you overcome the unnerving  
Ossifying body you're in

I used to live alone  
Just counting the pretty little flowers on my dress  
Now I can't wait to consecrate this wondrous mess  
We're a song forgotten till we sing again  
Start at the bottom and then we descend

Love not unlike  
Little joy ain't around no more  
Love not unlike  
I am woman hear me roar  
Love not unlike  
Larry Levan sanctified  
Love not unlike

Won't you come over and love me  
Won't you come over again  
Help me overcome the unnerving  
Ossifying body I'm in

I ask all the time  
But you never tell me  
What have I got to do  
To make that man want me

What have I got to do  
(Loving you is making it easy)  
To make that man want me  
(Loving how he's making it all)  
(3x)

What have I got to do
