

Heart And Hands

Devics

Keep close,
Darling got me,
He moves slowly from me.

He's cold,
Your eyes on me.
He won't know that you got me.

Sound asleep it's everything I want it to,
In the light it fades away.
Hold a dream and turn it into grey.

Last night I slept,
Blowing rooftop.
Fell over edge, falling,
Woke up.

Sound asleep he's everything I want him to,
In the light he is what he is.
Hold him tight and watch him fade away.

Love, is this running?
Am I stopping?
Will you hold?
Love, am I running?

I'm not stopping
Not for nothing.
Love, I'm just running,
I'm not stopping
Not for no one.

Keep close, your eyes on me,
As I go, darling lost me.
