

Like A Sweet

Devin the Dude

I break down the sweets
and roll the hos like 2 by 4's
fire it up take a pull
and run it up through my nose
take a couple more
and then it goes to my friends
when its gone
I start the whole process all over again
every night and day the same thing
brain stays blowed
you got some weed to smoke
it seems I cant say no
but we don't need no water
let that motherfucker burn
and take two pulls and pass man
its that other brothers turn
cuz you kno I love coffee
cant keep the smell off me
nigga this some killa
better pull on the toffee
and don't be babysittin
with the weed man hit it
cuz the faster you pass it man
the faster you get it

nah the faster you hit it
the faster you fly
pass that sweet to the right
and don't keep passin it by
now I cant lie
but I love gettin high
sleepy eyes
smoking sweets til the day that I die
don't ask me why
I love the essence of your presents
never fall when im ?
in the circle mic checkin
I use the sweet as my weapon
no disrespect
but ima pay for the wood
its all good
take another pull
pass that shit cuz im full

can I smoke witcha
yes you can
all you gotta do is come
and put it in the jugs hand
let the coffee circulate
and pass it straight to my brothas
ever posses the sess
nigga we share with eachother
you holdint he swet
why you runnin your fuckin mouth
constantly movin your lips
without no smoke comin out
cuz the mic is like a sweet

you hit it hard and pass it on
so I gotsta make sure
that the blow ? is gone

aint nothing better than
a fresh bag a weed up in the morn
before im gone
twist that shit up and ?
so what you coffee brother need not askin
you besta be bout passin
I don seen tons of weed turn to ash
?
oxygen 3 for 10

in an effort to leave my skin
