

# Til' It's All Gone

Devin the Dude

Smoke it 'till its all gone  
Smoke it 'till its all gone

I'm always chokin' but steady smokin' the herbal gets me open  
Through the clouds a floatin'  
The smoke is thick I'm losin' focus  
Incase you didn't notice this niggas head stays the blowest  
Thats why we get it and hit it then pass it, you wanna hold it?

And see my homeboy grows it and brings it to the hood  
Take a wiff (Damn that smells good)  
Well it should! I payed enough for it  
I bought a whole quarter pound and that was yesterday  
But now I'm down to a dime

I tell you what you bring it to my crib let me saaample it and exaaaamine it  
The night is young the freeze gon' come  
We outta weed why dontchya tell me where I can get some so we can.

Smoke it 'till its all gone  
Smoke it 'till its all gone

Lets go half on it pinch in on the sack  
Put in the hat fill in the gaps pinch yo wrap gimme some dap?  
Eenie Meeny Miney my eyes are tight and shiny  
So if I say or do somethin' crazy just never mind it cause.

Weed is all natural I'm glad that it grows  
Makes me cool with my friends never mad at my foes  
Yo, you thought that was some shit when they blew up the towers?  
Man let them hoes fuck with Budwisers

I said I can't control it  
Go get my bong and reload it  
Put some Peyote I light it hit it hard and I hold it  
And then cough a couple times cause its certified potent  
I keep a "?" so grab a sweet and start rollin'

Smoke it 'till its all gone  
Smoke it 'till its all gone

We used to roll perfecto when we stole from Truckzillo  
Now the weed we get is so good we rollin cigarillos  
Sorry Mr. Ciga I didn't mean to split knee  
And empty out the tobacco and I stuff it with green  
And then I'm coughin' and slobbin' but steady bobbin' my head  
Frost eyed and mushed mild but you heard what I said  
And my eyes look like I've been swimmin' in the pond  
For about 3 or 4 hours with no goggles on  
Got hoes to get their goggles on to finish what they started on  
And they'll give you what you need  
Tell them hoes to bring some weed  
Until then we gonna continue to get higher  
I got exactly what you desire  
Now thats some fire

Smoke it 'till its all gone
