

Doghouse Doghouse

Devo

They gave yo' mama a heart attack
All you had left was your money sack
Doghouse, why did you take your blues away, hey hey hey

Caused great trouble in '25
They didn't know you could stay alive
Doghouse, why don't you keep it up like a pol, hey hey hey

White men took your songs away
They left you nothing that's why today they say
Doghouse, you're such a nigga boy, ho ho ho

Doghouse, doghouse, don't look back
They gave yo' mama a heart attack
Doghouse, why did you take your blues away, hey hey hey

You fought so faithfully in World War 111
Now you can't even take a pee
Doghouse, why did you let them snap your stock, you can't walk

Do a solo old Doghouse
