She sings from somewhere you can't see She sits in the top of the greenest tree She sends out an aroma of undefined love It drips on down in a mist from above

She's just the girl, she's just the girl The girl you want She's just the girl, she's just the girl The girl you want

You hear her calling everywhere you turn You know you're headed for the pleasure burn But the words get stuck on the tip of your tongue She's the real thing but you knew it all along

She's just the girl, she's just the girl The girl you want She's just the girl, she's just the girl The girl you want

Look at you with your mouth watering Look at you with your mind spinning Why don't we just admit it's all over She's just the girl you want

She's just the girl, she's just the girl The girl you want She's just the girl, just the girl The girl you want

She sings from somewhere you can't see She sits in the top of the greenest tree She sends out an aroma of undefined lust It drips on down in a mist from above

She's just the girl, she's just the girl The girl you want
She's just the girl, she's just the girl
The girl you want

Look at you with your mouth watering Look at you with your mind spinning Why don't we just admit it's all over She's just the girl you want

She's just the girl, she's just the girl
The girl you want
She's just the girl, just the girl
The girl you want
She's just the girl, she's just the girl
The girl you want
She's just the girl, she's just the girl
