Morning Dew

Walk me out in the morning dew my friend Walk me out in the morning dew today Can't walk you out in the morning dew my friend Can't walk you out in the morning dew today

I thought I heard a baby cry this morning I thought I heard a baby cry today You didn't hear no baby cry this morning You didn't hear no baby cry today

Where have all the people gone this morning Where have all the people gone today You'll never find no people here this morning You didn't need those people anyway

I thought I heard a young male call this morning I thought I heard a young male call today You didn't hear no young girl call this morning You didn't hear no young girl call today

And now I can't walk you out in the morning dew my friend I guess it doesn't matter anyway
