

Danglin' feet

DeVotchKa

{Sacrificious}, say it aint finished.
Supermelodramas.
And I know I wasn't seeing things too clear.
And as for when, only once the fiction started.
I know I am socially retarded.
And everything for once is mighty clear.

There were holes in her story
{and the ex went off/out to sea}, tonight.
The first thing she'll see is a pair of danglin' feet.

Well, I'm back up with my next of kin.
Shootin' at all this shit again.
And I swear I never though I would sink this low.
{with heavy air} all my folks are medicatin'
Hindsight is so educatin'
And all that they could say is I've been warned.

There were holes in her story
{and the ex went off} to sea, tonight
The first thing that she'll see is a pair of danglin' feet.

There were holes in her story
(slightly different):
{there's a strange red on her sheets, tonight}
The first thing she'll see is a pair of danglin' feet.
