

## Head Honcho

DeVotchKa

Hit them where hurts  
Listen for what it's worth  
Hi them where it hurts  
They only care  
what is it worth?  
It was a long long time ago  
You found me naked  
by the side of the road  
You picked me up out of that hole  
mouth to mouth and  
soul to soul

La luz de cada dia  
Te siento conmigo!

I swear it's love  
it's love that we are dyin' for  
it's true  
you'll know it's true  
when it breaks your heart in two  
has it always sounded like this?  
My name upon your lips  
has it always taken so long?  
to get to this part of the song

La luz de cada dia  
Te siento conmigo
