

Bear witness to the scriptures that I speak in tongues  
Grant me thy total devotion  
Asceticism rewarded in the afterlife - inherit eternity  
Rise above humankind

Judgement day is nigh  
Trust in me, oh children of the next level - answer his final call

Hear the seven trumpets sound  
Cult revolution - infiltrated compound

Faithful reapers of salvation ascend towards Heaven's gate

Sinful armies impose their weaponry  
Lay your lives down with dignity  
Gain the afterlife through willful quietus  
We must take ourselves before they take us

Consume the cyanide - mass infernal suicide

Sacred and profane creation  
Anticipation of the end, a new beginning  
Blind disciples cast to the darkest depths of Zion

Coerced into false redemption  
Bloodshed to obtain salvation  
Desolation, condemnation in everlasting damnation  
Hot blood showers, mangled carnage as far as the eye can see  
Souls forsaken, mass cremations, boiling seas of sanguination

Congregations exiled to the false promised land

Enraptured in supreme castigation  
Suffer in eternal tribulation
