

I Love You (Listen To This)

Dexys Midnight Runners

I was thinking of a compromise
When I saw the beauty in your eyes
It heightened something in me so I'll say so
You were always near to me,
And thoughts of you will stay with me
Oh oh oh, until the day I die

You were standing next to me,
In '82 and '83,
In all that time I barely proved I love you
Well there's nothing wrong but the wrong in me
You were everything you were meant to be,
And oh oh oh oh oh oh

Now I just want to say this to you
Listen to this, listen to this,
I want to say this to you
You never know, oh oh
(Here we go)
I love you, I love you
I love you, and it's true and it's true and it's true

I love you, I love you
I love you, and it's true and it's true and it's true...

Did you know that I loved you from the start
You didn't care about my words and why should you?
You didn't know that all the time I loved you so

I love you, I love you
I love you, and it's true and it's true and it's true...
