

Imagine That

Diamond Rio

What is the world comin' to when lovers can't believe
They got a love comin' true then they up and leave
They say they will when they won't
They say I do and then they don't
That ain't the way it's got to be with you and me

Imagine that, a love that lasts forever
Imagine that, for all the world to see
That two people stay together
The way it ought to be, oh oh oh imagine that

I don't intend to change the world, I couldn't if I tried
As long as I've got you with me girl, I'll be satisfied
Let's do what we can, mean what we say
Now we'll just take it day by day
'Cause I want to prove to everyone that it can be done

Imagine that, a love that lasts forever
Imagine that, for all the world to see
That two people stay together
The way it ought to be, oh oh oh imagine that

Do you believe in love enough to go the distance
Do you believe in love enough to make a stand
Do you believe enough to handle the resistance
'Cause I believe we can

Imagine that, a love that lasts forever
Imagine that, for all the world to see
That two people stay together
The way it ought to be, oh oh oh imagine that

Oh imagine that, imagine that
Oh imagine that, oh imagine that, that
