Tumble Down

Diana King

They say that nothin' lasts forever And things can fall apart in a day We?ve been so happy together, oh I just want you to know, I?m here to stay, oh

So if your luck ever leaves you And your friends don?t call If they should ever deceive you I won?t let you fall

'Cause if it all comes tumble tumble down You know I?m the one who?ll always need you so I?m the one who?ll never let you go If it all comes crashin' to the ground

You know I?m the one who?ll find you anywhere I?m the girl you know who?ll always care If it all comes tumble tumble down

They say that the city?s gonna slide in the ocean And rain?s gonna fall for forty days Nothin' can stop my sweet devotion Nothin' could make me go away

'Cause if the world goes crazy And we lose it all Reach out and catch me Don?t let me fall

?Cause if it all comes tumble tumble down You know I?m the one who?ll always need you so I?m the one who?ll never let you go

If it all comes tumble tumble down You know I?m the one who?ll always understand I?m the one who?ll take you by the hand If it all comes tumble tumble down If it all comes tumble tumble down

Mi nah gon' leave you Mi a gon' show you that mi love is true Please believe me, hug mi up an' squeeze me Doubt mi never, mi nah gon' hurt you ever 'Cause mi love is forever, you and I together

'Cause if the world goes crazy And we lose it all Reach out and catch me Don?t let me fall

?Cause if it all comes tumble tumble down You know I?m the one who?ll always need you so I?m the one who?ll never let you go

If it all comes crashin' to the ground, oh You know I?m the one who?ll find you anywhere I?m the girl you know who?ll always care If it all comes tumble tumble down

If it all comes tumble tumble down If it all comes tumble tumble down Tumble down, down, down
