

Listen and Scream

Diary of Dreams

Let go and hold on
Stay and walk on
Speak and be quiet
Listen and scream

Endless the giver
Corrupted allegiance
Belie the deceiver
A mind to intrigue

Belie
Listen and scream

Distant the noise
An ocean of voices
Luring the sorrow

Calling our names

I don't let you in

Release the forsaken
Reject those in greed
Protect those in slumber
Invent the machine

Pretend you're confused
Foretell a disease
Receiving the signs
And stemming the tide
