

Anywhere Without You

Die Happy

You look down from heaven
Do you see how we are
You give a shelter
On umbrella of stars
Sometimes you crying
It is so hard for you to see
When you look down from heaven
To remember how we dream

And I swear to god
I will not go anywhere without you
I will not go anywhere without you
I will not go anywhere without you
I will not go anywhere without you

You're happy when we've sing
Painting pictures in a cloud
Memories a fredshild
So pretty and proud
Sometimes I'm crying
Cause it's heard for me to hear
Your breath is like summer
Lovely atmosphere

And I swear to god
I will not go anywhere without you
I will not go anywhere without you
I will not go anywhere without you
I will not go anywhere without you

I want go anywhere
>flow like water
I want go anywhere
>flow like water
I want go anywhere
>flow like water
I want go anywhere
>flow like water
