

Rebel In You

Die Happy

the time is now and the place is here

so don't stop running, don't stop
well, it's only one chance that you just don't take,
don't stop

it's a rebel in you, the rebel in you, the rebel in you

start silent, end up screaming
this ain't no dream you're dreaming
the hell is freezing over now

'cause the love is expecting you
to break your borders through
on your mission impossible
don't you wanna fight back for good?

never look back, you fear is breathing down your neck

it's a rebel in you taking, taking, taking over
rebel in you breaking, breaking, braking through
the rebel in you taking, taking, taking over

the time is now and the place is here
and the rebel take control and you've back here

those crossroads are misleading at your own risk

'cause the love is expecting you to break your borders
through
on your mission impossible don't you wanna fight back
for good?

never look back, you fear is breathing down your neck

it's a rebel in you taking, taking, taking over
the rebel in you breaking, breaking, braking through
the rebel in you taking, taking, taking over

the time is now and the place is here
and the rebel take control and you've back here
