

# Slow Day

Die Happy

Slow Day

**Die Happy**

**C F**

There's a traffic jam outside my window

**C F**

There's a red light on that just won't change

**C F**

The pavement's full of cracks from all the sunshine

**C F**

But now they're filling up 'cause the rain is falling down

**Dmi**

I'm running round in circles

**G**

Trying to find my way

**C F**

It's a slow day without you

**C F**

It's a slow day when you're not around

**C F**

It's a slow day with no escape

**C G**

It's a slow day without you

**C F**

There's a jet-plane up there hanging in the sky

**C F**

Just kind of resting his wings on that big white cloud

**C F**

Minutes taking on but stretching out forever

**C F**

Just like the rooftops out there - they all melt together

**Dmi**

I'm running round in circles

**G**

Trying to find my way

**C F**

It's a slow day without you

**C F**

It's a slow day when you're not around

**C F**

It's a slow day with no escape

**C G**

It's a slow day without you

**F Dmi**

24 long hours with nothing to do

**F DmiF**

24 long hours hanging on, waiting for you

**Dmi**

It's gonna be a slow day

**F G**

It's gonna be a slow day

**C F**

It's a slow day without you

**C F**

It's a slow day when you're not around

**C F**

It's a slow day with no escape

**C G**

It's a slow day without you

**C F**

It's a slow day without you

**C F**

It's a slow day when you're not around

**C F**

It's a slow day with no escape

**C G**

It's a slow day without you

**C**

It's a slow day
