Slow Day
Die Happy
C F
There's a traffic jam outside my window
There's a red light on that just won't change
C F
The pavement's full of cracks from all the sunshine
CF
But now they're filling up 'cause the rain in falling down
Dmi
I'm running round in circles
Trying to find my way
CF
It's a slow day without you
It's a slow day when you're not around
It's a slow day with no escape
CG
It's a slow day without you
C F
There's a jet-plane up there hanging in the sky
Just kind of resting his wings on that big white cloud
Minutes taking on but stretching out forever
Just like the rooftops out there - they all melt together
Dmi
I'm running round in circles
Trying to find my way
C F
It's a slow day without you
CF
It's a slow day when you're not around
CF
It's a slow day with no escape
CG
It's a slow day without you
F Dmi
24 long hours with nothing to do
{f F} Dmi{f F}
24 long hours hanging on, waiting for you
Dmi
It's gonna be a slow day
