Die Happy

Comin to a place where people go to To talk, to see and to be s een It makes you feel good, to see nice smiles And her nice wor ds about yourself You think "I'm loved, they like me"

They lie, is it scareness or game They smile when I show my pain Why is this the taste if fame They lie, I cry

The world are gettng bigger With little tunnels to the world 'C ause when I find out, I shiver Everbody's digging in the dirt

They lie, is it scareness or game They smile when I show my pain Why is this the taste if fame They lie, I cry
