

# Lullaby

Dillon

I am a lullaby  
Meandering through your  
Bellybutton until I  
Reach your lifeline

'Soft as a shadow'  
I move up your spine  
In your chest, I rest  
Schlaf ein

'Soft as a shadow'  
A kiss on each eye  
In your chest, I rest  
Schlaf ein

With fingertips  
Tracing your lips  
I silence your sorrows  
Am your straight and narrow  
Window of time

Noiselessly we harmonise  
Composing a keepsake  
A sensate safe place  
Calling warmth to mind
