Higher Place

Dimitri Vegas & Like Mike

Show me to a higher place Take me to outer space I want you to be my friend We'll make it till the world ends Show me to a higher place Take me to outer space I want you to be my friend We'll make it till the world ends Don't give me love Governed by life Limited by These worldy heights I want a love That the universe Can never stop Can never hurt I want a love that will last After this world is our past A love that no time could erase A love in a higher place Show me to a higher place Take me to outer space I want you to be my friend We'll make it till the world ends Show me to a higher place Take me to outer space I want you to be my friend We'll make it till the world ends Don't sell me short (Don't sell me short) On unconditional (On unconditional) I want a love Beyond what we all know Whoooooooo I want a love that will last After this world is our past A love that no time could erase A love in a higher place

Show me to a higher place Take me to outer space I want you to be my friend We'll make it till the world ends

Show me to a higher place Take me to outer space I want you to be my friend We'll make it till the world ends

Show me to a higher place Take me to outer space I want you to be my friend We'll make it till the world ends
