The Perfect Year

Dina Carroll

Ring out the old Bring in the new A midnight wish to share with you Your lips are warm, my head is light Were we in love before tonight?

I don't need a crowded ballroom Everything I need is here, if you're with me Next year will be the perfect year

No need to hear the music play Your eyes say all there is to say The stars can fade And they can shine Long as your face is next to mine

I don't need a crowded ballroom Everything I need is here, if you're with me Next year will be the perfect year

We don't need a crowded ballroom Everything I need is here, if you're with me Next year will be the perfect year

It's New Year's Eve, and hopes are high Dance one year in, kiss one goodbye Another chance, another start So many dreams to tease the heart

We don't need a crowded ballroom Everything I need is here, if you're with me Next year will be the perfect year
