

Caught in the Middle

Dio

Looking inside of yourself
You might see someone you don't know
Maybe it's just what you need
Letting the river in you flow

You can sail away to the sun
And let it burn you while you can
Or walk a long bloody road
Like the hero who never ran

You'll feel it
You'll feel it
You'll feel the rush of it all

Flying away into the clouds
You know you're losing your control
Finding your way in the dark
Like some poor forgotten soul

You'll feel it
You'll see it
You'll feel the rush of the city lights
You'll feel it
I see it in your eyes, you're

Caught in the middle
Just like the way you've always been
Caught in the middle
Helpless again

Looking inside of yourself
You might see someone you don't know
Maybe it's just what you need
Letting the river I know that's in you flow

You'll feel it
You'll see it
You'll feel the rush of thunder
You'll feel it
I see it in your eyes, you're

Caught in the middle
Just like the way you've always been
Caught in the middle
Helpless again
