If I Can Just Get Through Tonight

Dion

```
I started seeing double
Got myself concerned
Headed right for trouble
and I ain't got no where to turn

I can always give it up tomorrow
lose my Sorrow in the morning light gonna give it up tomorrow
Ive got to live it up tonight

if I can just get through tonight
I'm gonna give it all up tomorrow
darling I would
Hold me tight
Were gonna be alright
be alright
```
