

# Runaway Girl

Dion

I fell in love with a runaway  
A little runaway girl  
Each night she's all that I dream about  
My little runaway girl  
She used to make me glad  
Now I'm sad and I feel so bad  
Oh why must I always be waiting for my little runaway girl

My friends all told me I'm waistin' time  
With my runaway girl  
How did I know it was just a line  
From my runaway girl  
She broke my heart in two  
Now I'm blue  
You'd be too  
If you were in love with a runaway  
A little runaway girl

Although she may not feel this love the way that I do  
Each night and day I'll pray  
That someday maybe she'll come through and then  
I know I won't be a lonely boy  
With my runaway girl  
'Cause now I'll be more than just a toy  
For my runaway girl  
If she comes back to me  
I'll be free  
Then you'll see  
Oh my heart will sing and be glad again  
With my runaway girl
