

# Feeling Old Feelings

Dionne Warwick

I got over you  
I made it through  
All the lonely, lonely  
Time was on my side  
Old feelings died  
But now and then I find I'm -

Feeling old feelings again  
Some feelings never end  
Just when I would bet you  
I'm gonna forget  
You've got me  
Feeling old feelings again

You and I were one  
But we've become  
Just a faded  
Memories are never kind  
They leave behind  
Just enough to keep me -

Feeling old feelings again  
Some feelings never end  
Just when I would bet you  
I'm gonna forget  
You've got me  
Feeling old feelings again
