

## Reality Show

Diorama

What happened to the ocean view  
You claimed to be your property?  
The nights you had it crystal clear  
The touch of air and sky

You only talk about feelings without having them  
You only talk about feelings without having them

Hyper hyper transformation  
Taking over, taking over  
Slowly creeping suffocation  
Taking over the reality show

The sea has given up on you  
And every wave you dive into  
Is just a rotten compromise  
A deal that fell apart

You only talk about feelings without having them  
You only talk about feelings without having them

Hyper hyper transformation  
Taking over, taking over  
Slowly creeping suffocation  
Taking over the reality show

(You only talk, only talk, only talk, ...  
You only talk, only talk, only talk, ...)

Hyper hyper transformation  
Taking over

Hyper hyper transformation  
Taking over, taking over  
Slowly creeping suffocation  
Taking over the reality show
