

Reiketsu Nariseba (冷血冷血冷血冷血; If I Were Cold-Blooded)

Dir En Grey

You're the one that's lost now

You shallow shit with that sad little look on your face
Why don't you just grow yourself some wings of pity

Lose track of where you are, all dolled up as a star...? You make
me laugh
Money? Fame? Success?

SUCK ME
DESTROY

Even when you talk big, you do it by protecting yourself
SUCK ME
