After Santa Monica Boulevard

Dirty Projectors

```
Does Sheryl Crow know

After Santa Monica Boulevard she had not to give?

And I don't believe her when she says it's time to lighten up

Not the way that I believe Don Henley when he tells me

Not the way that I believe Don Henley when he tells me

And I don't believe her when she says it's time to lighten up

Not the way I believe Don Henley when he tells me

Not the way I believe Don Henley when he tells me
